

Student Entry Procedures for September 8 – 11th

To ensure physical distancing and less time for students to be interacting with others, students should arrive at the school just prior to the 8:45 a.m. entry bell.

On Tuesday, September 8th the students with surnames A-G will begin school.

- 1) If your child was a JK student last year, and is beginning SK this year, they will go to their classroom door from last year and meet their teacher/DECE at that door outside.
- 2) If your child is entering grades 1-3 they will be directed by staff into the gymnasium from the back of the school.
- 3) If your child is entering grades 4-6 they will enter the school through the intermediate doors at the back of the school.
- 4) If your child is entering grades 7-8 they will meet at the bike rack at the side of the school (inside the gates) and will enter through the intermediate doors at the back of the school once the junior students are inside.

There will be several staff members on the yard at 8:45 a.m. to assist with this process.

On Wednesday, September 9th, students with surnames H-O will join students with the surnames A-G in attending classes.
